

Herbal Antibiotics: Natural Alternatives for Treating Drug-resistant Bacteria (2nd Revised edition)

By Stephen Harrod Buhner

Storey Publishing LLC. Paperback. Book Condition: new. BRAND NEW, Herbal Antibiotics: Natural Alternatives for Treating Drug-resistant Bacteria (2nd Revised edition), Stephen Harrod Buhner, There has never been a greater need for comprehensive, well-researched information about herbs' potential to fight infection. In 1998, Stephen Harrod Buhner - a leading herbal practitioner and author - published the first edition of "Herbal Antibiotics" to great acclaim. Since then, health care providers have discovered many new resistant strains of bacteria, researchers have added to the growing body of knowledge about herbs, and the need for antivirals to treat emerging infections like SARS and West Nile Encephalitis has become urgent. Within ten years, according to sources cited in the book, pharmaceutical antibiotics will begin to fail at epidemic rates. There are, in fact, no new antibiotics currently in planning or development at any of the major pharmaceutical companies. Most notably, there is none for Gram-negative bacteria, which are emerging as the most dangerous pathogens.

Reviews

Unquestionably, this is the best work by any author. Better then never, though i am quite late in start reading this one. I realized this publication from my dad and i advised this pdf to find out.

-- **Nelson Zemlak**

This kind of publication is every little thing and taught me to looking ahead of time and a lot more. It is packed with wisdom and knowledge Once you begin to read the book, it is extremely difficult to leave it before concluding.
