## A Living Spirit of Revolt: The Infrapolitics of Anarchism

By Žiga Vodovnik

PM Press, United States, 2013. Paperback. Book Condition: New. 202 x 126 mm. Language: English . Brand New Book. Dissecting anarchist history from classic examples through contemporary occurrences, and even tying it to everyday life, this exploration collects many disparate movements into a cohesive whole to better understand anarchy in theory and praxis. The book posits modern anarchy as not only the most revolutionary, but as the only antisystem movement left--a seclusion that is occurring for the first time in history. Chronicling anarchy with a discerning eye, this study provides a greater understanding of anarchist thought, including how it applies in current tumultuous times, and reveals how many movements have been forgotten--contributing to a misconception of anarchy's essence. Further insight into American philosophies, such as New England Transcendentalism, is also included.
