True love is finding that part of you only another can complete. It requires risking our deepest emotions, secret thoughts, and most cherished desires to someone for the first time. Exposing our heart is the hardest thing we will ever do in this life. We choose only to do this after we find someone we trust, and often adore. Life was never meant to walk alone. While there are many types of love, there is only one valiant knight for each destitute princess. For a heart comes in halves; and true love has room to share but one other heart. This is a story in search of that missing half heart. This is a journey through the amazing chain of events that weighs down a particular mans heart. Each heavy link was forged in the flames of fate so many years ago. This trouble no heart should bear. I often heard it said: you can love many women, but really love only one. That is the way God made our hearts. But, who am I to define love Better minds and hearts than mine have failed terribly to answer this impossible question. I do know something about love. The greatest love is always found through great sacrifice. It demands lying down ones own life to the benefit of another. Sometimes it requires this impossible burden from even the most innocent of hearts. Sometimes fate wraps its miserable shackles even around the heart of a child. This is just such a story! Come feel the adventure and experience the romance and love. Travel along with this giant of a man everyone knows as Cass. This will be a American...
