Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Food Preparedness, Vol. 5 The past few months have more and more impressed upon Americans the need of preparedness in every department of life. Perhaps some of the alarm created is unnecessary; but with regard to the production, conservation, and prudent use of food, our concern should be timely. In presenting the bulletin upon Food Preparedness the University of Buffalo feels sure that it can render the people of this vicinity valuable advice and assistance. The paper has been prepared by Albert P. Sy, Ph.D., Professor of Chemistry, who has given the subject of food and diet especial attention for many years. The series of bulletins of which this forms one issue will be practical in character and popular in style, devoid of the technicalities which so often render scientific information forbidding and useless. We hope for the widest possible distribution of these tracts of the times, which may be had for the asking from the Secretary of the Faculty of Arts and Sciences, at Townsend Hall.
