

Descriptions of Triangulation Stations in Georgia (Classic Reprint)

Filesize: 2.42 MB

Reviews

Completely essential go through book. I actually have go through and i am sure that i am going to going to read yet again yet again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Edwardo Rohan III)

DESCRIPTIONS OF TRIANGULATION STATIONS IN GEORGIA (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Descriptions of Triangulation Stations in Georgia This publication contains all the available descriptions of the triangulation stations the geographic positions of which are given in Special Publication No.43. With the exception of a few supplementary stations along the oblique arc, the descriptions and geographic positions of all triangulation stations in Georgia determined previous to 1917 are included in this publication and in Special Publication No.43. The stations are arranged in the same order in both books and the index at the end of each volume enables the reader to find readily the data he desires. A discussion of the triangulation in Georgia will be found on pages 5 to 7 of Special Publication No.43. As there stated, it consists of the primary triangulation along the oblique arc, the secondary triangulation from the oblique arc to Augusta, and the tertiary triangulation at the lower end of the Savannah River and along the coast. A good general idea of the triangulation may be obtained by consulting the sketches at the end of Special Publication No.43. These sketches will also be found useful in connection with the descriptions in this volume. A considerable part of the tertiary triangulation in Georgia was done 50 or more years ago and many of the stations located at that time were marked by wooden stakes. Some of them have been recovered in recent years and re-marked in a more permanent manner, but a large number of them are lost, due to the rotting away of the stakes or in some cases to changes in shore line or other causes. A few of these old stations have been searched for without success, but...
