CONTROL SYSTEMS WITH SATURATING INPUTS

Springer London Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 2012. 229 x 152 mm. Language: English . Brand New Book. Saturation nonlinearities are ubiquitous in engineering systems: every physical actuator or sensor is subject to saturation owing to its maximum and minimum limits. Input saturation is an operating condition that is well known to the control community for its side effects , which cause conventional controllers to lose their closed-loop performance as well as control authority in stabilization. Therefore,...

Reviews

Certainly, this is actually the greatest job by any publisher. It is really simplistic but shocks within the 50 % of the pdf. I am just happy to tell you that this is the very best ebook i have read in my own lifestyle and may be he greatest ebook for actually.
